

Section 401 Water Quality Certification Public Notices

The Central Coast Water Board is currently reviewing applications for the following project for certification under Section 401 of the Clean Water Act. We encourage public comments on the proposed work, which will be considered in the decision. You may submit comments in writing on any of these projects to:

Central Coast Regional Water Quality Control Board
895 Aerovista Place, Suite 101
San Luis Obispo, CA 93401
Attention: 401 Coordinator

Project Applicant	Bill Kostelnik – Sempra Utilities
Applicant's Agent	Jason Kirschenstein – Sage Institute Inc.
Project Name	Line 906F Pressure Betterment
Receiving Water	Sisquoc River, Santa Maria River
City/County	Santa Maria/Santa Barbara
Public Notice	9/11/08 to 10/2/08
Project Description	<p>The purpose of this project is to improve pressure on an existing pipeline system and to serve two new customers in unincorporated Santa Barbara County.</p> <p>The project activities include: installing 7 miles of new 6-inch steel main supply line. The installation of the new supply line will require trenching and directional boring that will impact 0.06 acres of waters of the State.</p> <p>No compensatory mitigation was proposed for this project.</p> <p>A Categorical Exemption was proposed for this project.</p>
